

RAIN REMOVAL

carefree

Exclusive to Mastic Home Exteriors, our high-tech aluminum alloy is stronger and more rigid than the competition's best metal — plus a double-coating of our proprietary AlumaLure[®] 2000 finish delivers an exceptionally durable, smooth surface. This revolutionary finish holds its color and resists the toughest corrosive elements — even UV radiation and polluted air. Performance Metals[®]. The superior quality, features and performance you've come to expect from Mastic Home Exteriors aluminum products.

An industry leader in quality and performance.

Thanks to more than 30 years of extensive testing — and our proprietary AlumaLure® 2000 finish — our Performance Metals® Rain Removal systems remain the premier gutter and leaf protection products in the industry. Yesterday, today and tomorrow — Performance Metals Rain Removal systems boast the same superior quality, features, benefits and performance you've come to expect from Mastic Home Exteriors aluminum products.

THE PREMIER PRODUCT IN THE INDUSTRY — THANKS TO EXTENSIVE TESTING AND ALUMALURE® 2000

During product development, Performance Metals products are subjected to a battery of relentless testing, including corrosion baths and accelerated UV weathering, to ensure that we retain our position as the premier product in the industry. Rest assured, all Performance Metals products possess stellar tensile strength, durability and weathering characteristics.

ALUMALURE® 2000

This revolutionary finish holds its color and resists the toughest corrosive elements — even UV radiation and polluted air. Applied in a two-coat process, AlumaLure® 2000 is a combination of rust-inhibiting primer and an ultra-tough, low-mar topcoat.

THE ISP™ DIFFERENCE — INTEGRATED STANDARDS OF PERFORMANCE

ISP™ is our comprehensive product development, testing, certification and quality control program. This stringent set of standards and conformance specs ensures products meet or exceed industry standards and/or code approvals. In addition, we go the extra mile with a battery of internal tests designed to predict and scrutinize performance attributes such as tensile strength, rigidity, wind resistance, color fidelity and weatherability.

MASTIC HOME EXTERIORS PERFORMANCE METALS® SECTIONAL 6" GUTTER

EXPANSION JOINTS

Engineered for normal expansion and contraction, which can be problematic in longer runs and hip-roof installations — an advantage not available in "seamless" gutters.

MAXIMIZE THE CAPACITY — MAXIMIZE THE PERFORMANCE

Ideal for withstanding the increased demands of commercial and larger home projects, Mastic's 6" gutter system offers increased water capacity and increased performance. It is the perfect solution for high rainfall and large surface areas.

PERFORMANCE METALS: THE HIGHEST-QUALITY ALUMINUM — MEETS OR EXCEEDS Q801 STANDARDS

Exclusive to Mastic Home Exterior, our high-tech aluminum alloy is stronger and more rigid than the competition's best metal — plus, a double-coating of our proprietary Alunalure® 2000 finish delivers an exceptionally durable, smooth surface.

HANGERS ENGINEERED TO SUPPORT MORE WEIGHT THAN ORDINARY SPIKES

Keep the gutter system firmly in position so water won't leak into the home, providing optimum performance over time.

FREE-FLOATING HANGERS

Uniquely designed to allow gutters to slide as they expand and contract, eliminating stress on nails.

SECTIONAL 6" OG GUTTER
21' — OG21A6
37' — OG37A6

AVAILABLE IN 9 COLORS

See Product Spec Guide for complete details.

ALUNALURE® 2000

This revolutionary finish holds its color and resists the toughest corrosive elements — even UV radiation and polluted air. Applied in a two-coat process, Alunalure® 2000 is a combination of rust-inhibiting primer and an ultra-tough, low-mar topcoat.

V.I.P. LIMITED LIFETIME WARRANTY

Premium guarantee of lasting quality and peace of mind — backed by Mastic, a trusted industry leader for 50+ years (see warranty for complete details).

THE ISP™ DIFFERENCE — INTEGRATED STANDARDS OF PERFORMANCE

ISP™ is our comprehensive product development, testing, certification and quality control program. This stringent set of standards and conformance specs ensures products meet or exceed industry standards and/or code approvals. In addition, we go the extra mile with a battery of internal tests designed to predict and scrutinize performance attributes such as tensile strength, rigidity, wind resistance, color fidelity and weatherability.
